

For Immediate Release

Terry Tamminen, Former Secretary of CalEPA and Cabinet Secretary to Governor Schwarzenegger joins the Clean Water Resources Advisory Board

FAIRFIELD, Connecticut—January 23, 2007

Clean Water Resources (“CWR”) announced that Terry Tamminen, the former Secretary of CalEPA and Cabinet Secretary to Governor Schwarzenegger, has joined the Company’s Advisory Board. “Terry brings an incredible wealth of knowledge and wisdom to CWR from having helped develop and implement many of the leading environmental policies in California, as Secretary of the California EPA, Cabinet Secretary, and Senior Advisor on Energy and Environment to Governor Schwarzenegger” said David Sinclair, CWR’s President. “Terry is a leading figure in the Environmental Community, having been Executive Director of the Santa Monica Baykeeper and a currently a Member of the Boards of San Diego Coastkeeper, Orange County Coastkeeper, and a Trustee of the International Waterkeeper Alliance, which was founded by its President, Robert Kennedy Jr.” Terry is acutely aware of the Clean Water challenges facing California and the nation and has been at the forefront of many of the largest Clean Water challenges in the nation, including Santa Monica Baykeeper v City of Los Angeles, which led to a \$2 billion settlement and commitment by the City of Los Angeles to address its failing infrastructure and improve its record on Clean Water” added Sinclair.

“David and his partner, Paul Keblish, have put together an innovative business model for ensuring sustainable development and measurable results in the area of Clean Water, which are very important issues with Governor Schwarzenegger and the rest of the nation” said Terry Tamminen. “I have been particularly impressed with their focus on addressing the issue of Clean Water from a holistic perspective, including products, contracting, engineering and private capital with a real emphasis on measuring results and effective use of taxpayer money” added Tamminen. “I am especially looking forward to working with the other Board of Advisors who will help guide significant changes in the area of Clean Water.”

Mr. Tamminen is the Co-Founder of the UCLA School of Law Frank G. Wells Environmental Law Clinic, an Advisory Member of the Stanford School of Law Environmental Law Clinic, and President of the Energy Independence Now Coalition. Mr. Tamminen recently released a new book entitled “*Lives Per Gallon—The True Cost of our Oil Addiction*”, about which Robert Kennedy Jr. commented “America’s prosperity, our independence and security, our democracy and our ideals, our international leadership and national pride are all dependent on our breaking our lethal oil addiction. Terry Tamminen has turned the spotlight of clarity on the defining issue of our age.”

About Clean Water Resources (www.CleanWaterResources.com):

Clean Water Resources is a multi-dimensional private company that distributes leading-edge products and markets financial solutions for infrastructure, with particular emphasis on the sewer and water industry. It recently introduced Duracoat™ (an ultra high performance concrete) and The Lifespan System®, (a state-of-the-art system for manholes, catch basins and utility structures). The CWR Capital Program is a design-build-finance (D/B/F) contracting solution that provides risk capital and performance-based payment alternatives to system owners for addressing Clean Water and underground infrastructure issues.
